CREATING WHOLESOME SPREADS FOR OVER 30 YEARS.

We have been catering in the DC Metro area since the 1970s. At the young age of 13, I operated a well known catering service with my older sisters. Since Tracy and I married in 1995, we have built and operated many bagel shops, delis and cafes. We both thrive on the fast pace at The Bagelry — but our true passion is getting to know our customers, creating fabulous food and offering our trademark personalized service.

Call us today to begin planning your next catered event. You will be astounded at the care and concern we provide, which is the essence of our style. The customer service will be exceptional and the memories from the fabulous food, everlasting.
